

## QUICK GUIDE TO JBCC SERIES DOCUMENTS

JBCC documents are compiled in the interests of standardisation and portray the consensus view of the Joint Building Contracts Committee of good practice and an equitable distribution of contractual risk in the building industry. *The suite is approved by the CIDB and has been selected for use by most of the State sectors.* The primary documentation is supported by a set of standard forms that should significantly simplify the administration of the contract. JBCC documents are updated as and when necessary. Consequently, users are advised to make use of the latest editions available.

**Note:** Only the *Principal Building Agreement, Nominated/Selected Subcontract Agreement, Minor Works Agreement, Small and Simple Works Contract and Direct Contractors' Contract* carry edition numbers. All other documents are dated only as they are designed to be compatible across the editions of the primary documents

<b>JBCC Principal Building Agreement</b>	The JBCC May 2018 Edition's PBA is the cornerstone document for most building projects. It is typically used alongside the NSSA to appoint subcontractors for the entire project. The PBA is ideal for complex projects lasting over nine months or with budgets exceeding five million Rand. The (CD), containing tender information completed by the principal agent, is a key part of the agreement.	✓	Exceeds nine months	Exceeds five million Rand	PBA Guarantee for Construction  Guarantee for Payment PBA  Guarantee for Advance Payment PBA	✓	Edition 6.2 June 2024	Edition 6.2 May 2018  Edition 5.0 July 2007  Edition 4.1 March 2005	Principal Building Agreement Contract Data  General Preliminaries for use with the JBCC PBA  PBA Project Specific Preliminaries
